

# Celebrating Achievements

During our last assembly of 2018, we celebrated the achievements of our pupils by awarding them with their '50 Things' trophies. Our '50 Things' is a list of goals that pupils would like to achieve during their time at the school, and we have created a thermometer that measures and displays these achievements in Bronze, Silver, Gold and Platinum levels.

The '50 Things' awards handed out during this special assembly were:

## BRONZE

- Jason with 20 achievements
- Adam with 18 achievements
- Jay with 23 achievements
- Jenny with 19 achievements
- Jack with 29 achievements
- Alfie with 19 achievements

## SILVER

- Danny with 30 achievements
- Denaun with 35 achievements
- Jack with 34 achievements
- Jamie with 32 achievements
- Kyran with 31 achievements
- Ben with 31 achievement
- Aidan with 30 achievements

Well done to all of our pupils who received these awards!

## Going Green

We are working hard towards achieving our Eco-schools Green Flag! Our Eco Schools pupil group have been focusing this month on getting our new recycling bins in place across the school. Each class and common area will have one green bin and one blue bin. All of our paper and plastic rubbish will go in the blue bins, with our general waste thrown in the green bin. Each bin has a picture on the front that shows what items are allowed to be disposed of in it. A rota will be set up so each class will be given the responsibility to empty the bins.

# Getting Ready For Lendrick Muir

We're excited to have booked Lendrick Muir for our 2019 residential trip. Our Parent Council are looking to begin the fundraising project for this and are running a sponsored walk around Loch Leven on Saturday 27th April. Keep an eye out on our website for more information on how you can support the trip!

## Good Luck Claire!

## Responsible Technology

We have been working hard over the last term to implement our Technology Agreement across the school. This will guide how we use technology in our school. Enabling pupil voice within this piece of work has been instrumental in shaping the guidance. The pupils are working hard to understand how they can use technology to support their learning experiences and recognise when it can be used for Choice time, where they can choose activities that they would like to take part in.

Claire Buchannan, one of our teachers, finished her tenure with us during the February break for pastures new. We wish her all the best and thank her for all her hard work. We will be recruiting a new teacher to join our team soon.
