

INVITING ALL AUTISTIC ADULTS

For an online research survey to understand how individual and social factors influence camouflaging/ masking and mental well-being.

The survey will take around 45-60 minutes of your time.

You are invited to participate in this study if you are:

- 18 + years of age and
- Have a professional autism diagnosis or self-identify as autistic

As a thank you for participating, you will be reimbursed AUD20 for your time in the form of direct bank transfer payment or online gift card, depending on whether you live in or outside of Australia.
