

Take part in research about communication and wellbeing in autistic children!

UCL

Parents and caregivers of verbally fluent autistic children, we need YOU!

We are investigating the relationships between communication profile, autism features and wellbeing in young autistic people.

We are seeking **parents/caregivers of autistic 4–12-year-olds who are verbally fluent** to take part in the study.

Who is involved in this project?

This study is part of a new research project funded by the Royal Society, led by Dr Jo Saul at University College London (UCL).

This study has been approved by the UCL Research Ethics Committee, Project ID 20175/002.

Who are we looking for?

- **Parents / caregivers** of a child with a diagnosis of autism who is aged 4-12 years, lives in the UK
- Your child should currently be verbally fluent and able to use **spoken multi-word phrases** on a regular basis to communicate
- Please contact us if you are unsure if your child meets this criterion

What does participation involve?

You will be asked to complete a few online questionnaires, which can be completed over multiple sessions.

How much time would it take?

We estimate that your participation in the study may involve up to 40 minutes of your time. As a thank you we will give you a **£10 shopping voucher**.

Where can I find more information?

If you would like to find out more about the study or have any questions, please contact Dr Jo Saul. E-mail: jo.saul.14@ucl.ac.uk

I am interested. Where can I sign up?
