

## OPPORTUNITY TO SHARE YOUR CLOTHING EXPERIENCES

My name is Helen and I study Fashion Technology at Heriot Watt University in the Scottish Borders. I am investigating sensory issues and androgyny in clothing for autistic people with low support needs.

I would like to know your experiences, likes and dislikes about clothing. I will then design and make a collection of garments that are autistic-friendly.

### ***What does this involve?***

I have an online questionnaire, this will take approximately 4-6 minutes to complete. You are under no obligation to answer the questions.

### ***Who can take part?***

This research is for autistic adults (anyone 18+) who have low support needs/can communicate without need of a carer or guardian.

### ***How to take part?***

Here is the [link to the questionnaire](https://helendiamond.typeform.com/to/K5gjE8).

Alternatively, please copy and paste this address in your web browser:
