

PARTICIPANTS NEEDED!

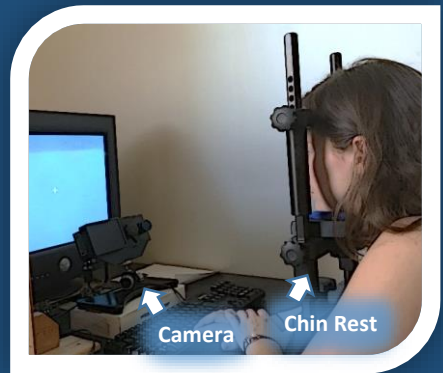

Purpose: We are interested in seeing how individuals with Autism Spectrum Condition perceive visual motion while tracking their eyes.

Can I take part? Yes, if you:

- Have an Autism Spectrum Condition diagnosis
- Are based in or have easy access to Glasgow
- Are 18 or over
- Are native English Speaker
- Are male (genetically [XY])
- Are right-handed
- Have normal or corrected vision (glasses/contacts)
- Do not have a history of epilepsy or seizures

What will the study involve? You will:

- Take part in the ADOS
- Take part in a cognitive test
- Do 2 questionnaires to quantify your handedness and autistic traits
- We will do a simple visual acuity test
- Take part in an eye-tracking experiment

↑ will look like this

Will I be compensated:

- Yes! You will be compensated at £6 per hour

Are you interested in taking part?

Do you know someone who might be interested?
