About Scottish Autism

Scottish Autism seeks to promote and provide care, education, support and opportunities for people with autism of all ages throughout Scotland. We work tirelessly to create a world where autistic people are understood and enabled to lead meaningful, fulfilling and happy lives as valued members of the community.

A key expectation of everyone who works for Scottish Autism is that they live and breathe our values; Collaboration, Change Makers, Compassion and Contribution. Our values come into play throughout everything we do at work – how we work together, and how we deliver services to the people we support and to the people we work alongside

The Role:

Reporting to the Senior Autism Practitioner the role is to support autistic individuals.

Key tasks and responsibilities:

- To provide support to autistic people following their outcome based support plans.

- To develop the outcome based support plan in line with relevant policies and procedures and current legislation.
- To be actively involved in the service planning, delivery, co-ordination and having autonomy within the team.
- To ensure service provision is of the highest quality, demonstrates best practice and promotes safeguarding.
- To ensure accurate and robust recording within Scottish Autism's recording systems including online systems.
- Comply with Finance processes to safeguard individuals.
- To build collaborative relationships with internal and external partners to maximise the effectiveness of the service.
- To ensure all actions comply with SSSC Codes of Practice, SA's policies and procedures.
- To be a Keyworker, leading regular Keyworker Meetings and participating in regular review meetings.
- To actively participate in coaching and the review process, to identify your individualised learning pathway, through a process of exploration and reflective practice.
- To maintain Continuous Professional Development in line with the Scottish Services Council (SSSC) registration requirements.
- On-call may be undertaken by Autism Practitioners dependent on development stage and location.

Skills and Attributes

- To embed and demonstrate Scottish Autism's values, Compassion, Contribution, Collaboration and Change Maker in all aspects of service delivery.
- To develop a knowledge of autism and other conditions as relevant to supported individuals.
- To understand and implement Scottish Autism Policy and Procedure, Care Inspectorate and SSSC guidance and all other relevant legislation.

- To work collaboratively with colleagues and all relevant parties, to deliver high quality support, whilst driving forward autonomy within individual teams.
- To be confident using IT and sharing information through digital processes.
- To be a skilled communicator, as well as understanding differences in communication and how this can be best supported.
- To contribute to and create support plans in partnership with supported individuals, their families/carers and other stakeholders.
- To be creative, working on your own initiative to improve quality within services.
- To be flexible and adaptable in approach.
- Demonstrate a desire to learn, taking opportunities to expand your knowledge whilst developing your own reflective practice.

Knowledge and Experience

- To maintain mandatory training requirements and develop knowledge of autism in order to demonstrate continuous professional development.
- Develop understanding of and implement low arousal support, following Studio 3 principles, focusing on reducing restraint and achieving Scottish Autism's aspiration of eliminating restraint.
- To be registered with SSSC or equivalent and hold or be willing to work towards a relevant qualification.
