Participants needed to fill an Online-Survey

about the use of AI in Autism Diagnostics

What is it about?

We are gathering opinions and perspectives about the use of technologies and AI in autism diagnostic pathways. The goal is to understand how autistic people think about these technologies.

Who can take part?

- Adults (aged 18 or older) AND
- Autistic people with a formal diagnosis OR
- People who think they may be autistic

5 x £50 Voucher Prize available

Process

- Take part once in an online survey
- Time commitment: 10–15 Minutes
- After completing the survey, you can choose to take part in a raffle for a £50 voucher

Participation and Data protection

- Your participation is voluntary
- Your data will be gathered anonymously
- You can leave the survey at any time, for any reason
